### DECriS – Transnational Project Meeting (TPM 5) – Minutes

Fifth TMP was held in Zagreb from November 22 till November 23, 2022. The hosting institution was SRCE. One room with Internet connection was provided as the colleague from Sofia, Tania Todorova, was unable to attend in person.

Participants: Sandra Kučina Softić and Anja Đurđević (SRCE), Cristóbal Urbano and Juan Jose Boté (University of Barcelona), Evgenia Kovatcheva (ULSIT, Sofia), Tatjana Aparac-Jelusic and Boris Bosančić (University of Osijek) and Thomas Mandl, Stefan Dreisiebner, Lea Wöbbekind (University of Hildesheim). Tanja Todorova (ULSIT, Sofija) was present online during the whole meeting.

Following the proposed Agenda, the DECriS Management team discussed reports and preliminary reports on IO 1, IO 2 and IO 3. Questions were asked about the final format of these documents; suggestions were offered for the improvement of the reports in progress; and information about presentations of DECriS intellectual outputs was shared. It was reported whow the dissemination plan was followed, which institutions besides the partners HEIs were included in surveys and how the communication between the responsible partner HEI for each IO was handled.

One slot during the meeting was dedicated to the plans for other IOs (IO 4, IO 5 and IO 6) and slight changes in the time line was accepted due to the dependance on the results of IO 3. Although some activities started later than planned, it was clear that partners had been communicated well and exchanged relevant data and information. No further delays are expected due to the fact that IO 4 and IO 5 had already started and because of the relative independence of IO 6 from previous IOs.

Next morning there were two main topics: preparations for Multiplier event (ME 3) and second Tutorial (Tut 2) in Zagreb, and preparations for the final conference in May 2023 in Osijek (ME 4). The distribution of tasks was agreed upon (e.g. who should contact invited speakers and invited participants).

The meeting lasted from 1pm till 7pm on Tuesday, November 22 and from 9:00am till 1pm on Wednesday, November 23, 2022.

The hosting institution SRCE provided refreshments and dinner for all participants.
